

Top Ten Reasons

Top Ten Reasons Why Camping With A Fleetwood / Coleman®

Folding Trailer Is Better Than Camping With A Tent:

- **10** Stay close to nature without sleeping on the ground where the creepy things crawl around.
- **9** Put your stuff in the trailer and keep it there, ready for the great outdoors, or when your spouse kicks you out of the house.
- **8** Respect nature, respect yourself- the Tree Hugger in you won't disown you.
- **7** Many have hot water, shower, toilet, refrigerator, and can even be air-conditioned. Try that with a tent!
- **6** Makes camping with the young'ns easier and more enjoyable- for them and for you. Especially you.
- **5** No busting a lung to inflate the air mattress, only to have the blasted thing go flat at 4 a.m.
- **4** Easier to set up- fewer poles, no moat to dig, no stakes to pound, and it even works on sloping ground.
- **3** Packing the camper, not the car, means more people room and fewer "Are we there yet's?" from the back seat.
- **2** Way easier to find- won't get lost in the attic or buried in the trunk.
- **1** Admit it...you've always wanted your own string of tacky lights and a camper awning to hang them on!

Top Ten Reasons Why Camping With A Fleetwood / Coleman®

Folding Trailer Is Better Than Camping With A Travel Trailer:

- **10** Fits in most garages- no need to pay big bucks just to park it when you're not camping in it.
- **9** Large clear windows and 360 degree views even when indoors, it feels like being outdoors- not in a box.
- **8** Enjoy a chorus of crickets at dusk and birds at dawn – not your neighbor's gazillion watt generator turning on.
- **7** Fits in most garages- the home owners association won't hate you.

- **6** Easier to tow and back up than a travel trailer, letting you get into better, more natural campsites.
- **5** Expands to offer more sleeping and living space than most comparable towing length travel trailers.
- **4** Fits in most garages- and using a drive-thru window won't result in a call to your insurance agent.
- **3** Enjoy all the comforts and amenities of home, without feeling like you're towing your home.
- **2** No need for a hulking SUV just because you own an RV- "crank up the fun without paying at the pump".
- **1** Makes you look smarter than the average RVer. Even impresses neighbors and kids. How cool is that.

Fleetwood Folding / Coleman® Trailer's Top Ten Reasons To Go Camping With Your Family:

- **10** Making memories. Making s'mores. Making friends.
- **9** Explore and appreciate our natural world first hand- unlimited bandwidth and no batteries required.
- **8** Rediscover the thrill of venturing over the next hill, and exploring the road less traveled.
- **7** Building campfires. Building confidence. Building character.
- **6** Unlike the hotel lobby or parking lot, you'll let the kids run around the campground. Go ahead...you can too.
- **5** Chores can wait- childhood can't.
- **4** Means always having an answer to the question: "What are we doing this weekend?"
- **3** Everything tastes better cooked over a fire, and bedtime stories always thrill more when told under the stars.
- **2** You meet the most interesting people around a campfire- sometimes even your spouse, your family, yourself.
- **1** Come Monday, you'll have way better stories to tell around the water cooler.
